

FOR IMMEDIATE RELEASE:

TIS THE SEASON TO BE THANKFUL AND SAFE!

Toledo, OH — November 2014 Residential Renovations wants to give thanks during this holiday season by presenting five Critical Care Packs to families through the Vision Ministries of Toledo Ohio at the Professional Remodelers Organization General Membership Meeting on Thursday, November 20 at 6:30PM at the PRO Office located at 6755 W Central Ave STE 105, Toledo, Ohio for those who are in need of critical roof or home repair in order to enjoy a safe and worry-free holiday season!

As professional remodelers we know vulnerable homes can fast turn from safe havens to critical safety hazards when winter arrives too quickly. Areas which often times are overlooked during warm, safer times include cracked windows, lack of insulation, holes in roofs and doors that are not sealed properly. This year's early snow fall and arctic temperatures has fast-tracked the time table for vulnerable homes and is the driving factor behind Residential Renovations reaching out to families during the holiday season and offering what they call "Critical Care Packs or CCP". Like CPR for your home.

Scott Pratt, Sr., Owner of Residential Renovations and long time member of PRO explained "As a professional and member of PRO we are very fortunate to have the opportunity to reach the community in ways many cannot. Often times, vulnerable home issues are not a priority when other factors such as debts, clothing and nutrition are more urgent. We want our Critical Care Packs to make an impact where it matters most - the home. Most importantly, Residential Renovations wants their holiday memories to be good ones, not in a hospital or shelter because their home was unsafe. As remodelers, we believe home is where the heart is!"

Residential Renovations is a local exterior remodeling company specialising in metal roofs, siding, windows, doors, insulation, gutters and gutter protection. Scott Pratt, Sr. founded Residential Renovations in 2008 to change the way remodeling services were sold and provided. The foundation for Residential Renovations comes from offering the homeowner a voice when it comes to Price, Choice and Quality. Residential Renovations is a proud long-standing member of the Professional Remodelers Organization, Home Builders Association of Greater Toledo, National Home Building Association, and an Accredited Business of the Better Business Bureau.
